MAKEUP ARTISTRY

# OUR PHILOSOPHY

**The Little Black Dress For The Face.** That's what we create at Simply Moore. A look that you can create all by yourself, that brings out the best, most beautiful expression of your life, your personality and your individual look. Our goal is to help you identify your best features, bring them out and enjoy every moment with confidence, beauty and grace.

We believe the key to real beauty is self confidence. When a woman feels confident about the way she looks, there is nothing in a bottle or on a brush that can top that. Whether your life includes attending balls or ball games, you deserve to always look and feel spectacular.

At Simply Moore, we take the mystery out of makeup, showing you how to quickly and easily make your own features shine. A Simply Moore personal consultation is 100% about you. We want to make being beautiful less intimidating and more fun! The result is an individual, extraordinary you.

Our associates are highly qualified artisans personally trained by owner Michael Moore. Each one of us is dedicated to providing you with the tools and the expertise to create – and maintain – an easy look that is uniquely, wonderfully you.

With decades of experience and no loyalty to a single product line, we are able to draw out your natural beauty and help enhance the human experience. Discover Simply Moore and let us help you look and feel beautiful everyday... regardless the dress code.

# ABOUT MICHAEL MOORE

Having worked in high fashion and celebrity circles for years as a make-up artist and stylist, Michael Moore quickly discovered a common theme among the countless women who sat in his chair... many were intimidated by make-up and uncomfortable with putting their best face forward.

With that in mind, Simply Moore was born. Michael's goal was to take the mystery out of make-up and help women feel better about themselves. With years of experience on red carpets, backstage of Fashion Weeks, and with celebrity clients around the globe, Michael has perfected techniques to help every woman he works with see her best features, while showing her tricks of the trade to improve what she doesn't like. The first Simply Moore studio, located in the Cherry Creek North area of Denver, opened in 2003.

The evolution of this simple, yet powerful philosophy skyrocketed with the inception of Real Makeup, Simply Moore's custom-blended line of cosmetics— all preservative-free and mineral based to suit every client's particular skin care needs. Not only does each client receive royal treatment in learning the “do's and don't's” of makeup application, Simply Moore's custom-blended formulas are precisely created for each client's individual requirements.

His philosophy of “you too, can be Simply Moore,” has garnered worldwide attention. Over the years, Michael has worked with countless celebrities, royal figures and fashion designers and has been featured on E! Entertainment Television, The Today Show, The Oprah Winfrey Show and in *InStyle Magazine*.
