8:00 & 8:30	Owl Encounters	Bird World
8:30	African Wild Dog Encounter	Predator Ridge

YOUR MISSION, SHOULD YOU CHOOSE TO ACCEPT IT...

Can you solve the clues and complete the Mission?

MISSION: NIGHT VISION

Now roam the ridge where beasts stalk their prey

and big felines sleep through the heat of the day.

Have you seen them at night, when the light is low?

Don't be shocked that their eyes have a green-yellow glow.

MISSION: MEASURE UP

Forget about large, these animals are tall!

They walk very carefully, they don't want to fall.

Compare your size to theirs- do you measure up?

Whose tongue is biggest? Yours? Theirs? Yup!

MISSION: SPLASH

Look for a lion under the sea. Who doesn't have feet, but flippers you see!

See how long your breath you can hold...

This critter can hold it six minutes I'm told!

MISSION: POO AT THE ZOO

Make your way to the place of the large and in-charge.

Those with rough wrinkly skin the size of a barge.

One likes to paint, another to bathe,

and the biggest one might squirt you with water- be brave!
